“OPEN ENROLLMENT”
NEW DISABILITY INCOME PAYCHECK PROTECTION PLAN!
NO MEDICAL EXAMINATION OR BLOOD TEST REQUIRED!
\$3,000 OF MONTHLY TAX-FREE BENEFITS!

Dear Member:

DID YOU EVER STOP TO THINK WHAT WOULD HAPPEN IF YOUR INCOME STOPPED?

Expenses would continue...probably greater than ever when you consider insurance deductibles and uncovered medical bills. Without a source of regular income, savings could be quickly turned into debt!

Therefore, NTEU Chapter 153 is proud to announce “OPEN ENROLLMENT” for the new Disability Income Paycheck Protection Plan.

We personally urge each member to consider the special Supplemental Disability Income Paycheck Protection Plan on a *voluntary* basis. The plan provides the following features:

- *Tax-free income benefits up to **\$3,000** monthly paid directly to the member.
- *Pays for accident or sickness on or off the job.
- *No medical examination or blood test required.
- *Treats pregnancy as any other disability.
- *Pays in addition to all other benefits including Workers Compensation.
- *Covers pre-existing conditions after only 12 months.
- *Members do not have to be hospital confined to collect benefits.
- *Coverage is portable. It can be continued if a member changes jobs.
- *Affordable, convenient payroll savings deductions.

Most members are eligible for these benefits and can receive them at a low individual cost.

Do not miss “OPEN ENROLLMENT”. Fill out the enclosed card and return it in the enclosed postage paid envelope today!

Fraternally yours,

James Ruoff
President
